HIGHLIGHTS OF 2016 – 2017

Before delving into the world of raw data we would ask you to gain a picture of our performance by reading the information below:

KEY STAGE 3 – Teacher Assessments

- Results in Mathematics, English and Science at all levels continue to reflect a high performance
- Results in all other subjects are well above national averages

GCSE RESULTS

- GCSE results were again outstanding and continued an upward trend in both attainment and progress across all groups of students.
- 93% of pupils achieved a standard pass (9-4) in English and 91% of pupils achieved a standard pass in Mathematics.
- 88% of pupils achieved a standard pass in both English and Mathematics.
- 66% of pupils achieved a good pass in both English and Mathematics.
- The Progress 8 score was 0.52 overall and in the top 12% of schools nationally.

POST 16 COURSES

- Another successful year with an exceptional pass rate
- 61% of A2 results were A* - B passes
- 83% of students' accessed universities this year, with 44% of those going to Russell Group universities, 3% found employment, 3% enrolled onto a higher apprenticeship and 11% of students had a gap year.

At all stages there are many extremely impressive individual achievements.

We have continued to build on our outstanding results. This year we have achieved some really outstanding outcomes which reflect a great deal of hard work by students and staff, continuing developments in Teaching and Learning. We strive to treat each child as an individual and to unlock their potential.

Our improvement agenda is based on setting extremely challenging targets (based on nationally agreed criteria) for the school and for individual students. This approach helps to assure that pupils at our school make substantially better progress than pupils who go to similar schools nationally.

GCSE (9 – 1) Results (Percentages of cohort)

	2015	2016	2017
Grade 4+ in English & Maths	N/A	N/A	88%
Grade 5+ in English & Maths	N/A	N/A	66%
Attainment 8 (overall)	5.6	5.5	5.7
Progress 8 (overall)	0.72	0.26	0.52

Results continue to improve in all categories and be significantly better than national data.

When reading the list of statistics we should point out that we are a comprehensive school and that achievement of a grade '1' grade is just as important as obtaining an '9' if these grades are appropriate for the student.
